MEMORANDUM FOR: ADP Control Officer for the DD/A

SUBJECT

Allocation

- 1. In response to your request, OC has reviewed the Office requirements for OJCS resources in FY-75 in an effort to identify reductions.
- 2. We feel that OC can live with 420 hours of batchprocessing CPU time and 5,637 OJCS man-hours. This represents 11% and 19% reductions respectively. While we are continuing our review for possible additional savings, it appears that further cuts will necessitate deferral of one or more projects until subsequent years.
